# THE PRESERVER™

by *Momentum*  
ENVIRONMENTAL  
LLC

## 20-YEAR GUARANTEE

### Fully Transferable 20-Year Guarantee

The Preserver™ components are guaranteed for 20 years from the manufacture date stamped on the product regardless who purchased it or who currently owns it.

Momentum Environmental, LLC (Momentum) guarantees the following:

- The Preserver™ Energy Dissipator and/or skimmer will be free of manufacturing defects or Momentum Environmental, LLC will replace the defective part(s) at no cost.
- If the Preserver™ is installed, per the installation instructions and videos, as a sediment and/or floatables capture and retention device in a properly engineered stormwater system and if the Preserver™ wears out or breaks within 20 years from the stamped manufacturers date, Momentum will replace the defective part(s) at no charge or replace the entire product at no charge:
  - Momentum will determine what is to be replaced to resolve the issue.
  - Momentum will pay for shipping costs to deliver replacement part(s).
  - Labor to replace parts or re-install the Preserver™ is not included. The owner of the stormwater system is responsible for labor costs.
- Sump structures (concrete or otherwise) are not covered under this warranty. Structure deterioration around the mounting bracket anchors is considered an installation or maintenance issue. Contact Momentum for proper install-specific resolution.

### Exercising This Guarantee

1. Take multiple digital photographs or video of the Preserver™, the affected area(s) and the date stamp.
2. Email Momentum at [info@momentumenv.com](mailto:info@momentumenv.com) and inform them of the situation along with a description of the problem and include the digital photos and/or video. We will then contact you to coordinate the resolution.
